

High Frequency Words

P. 009

Word Concentration

Objective

The student will read high frequency words.

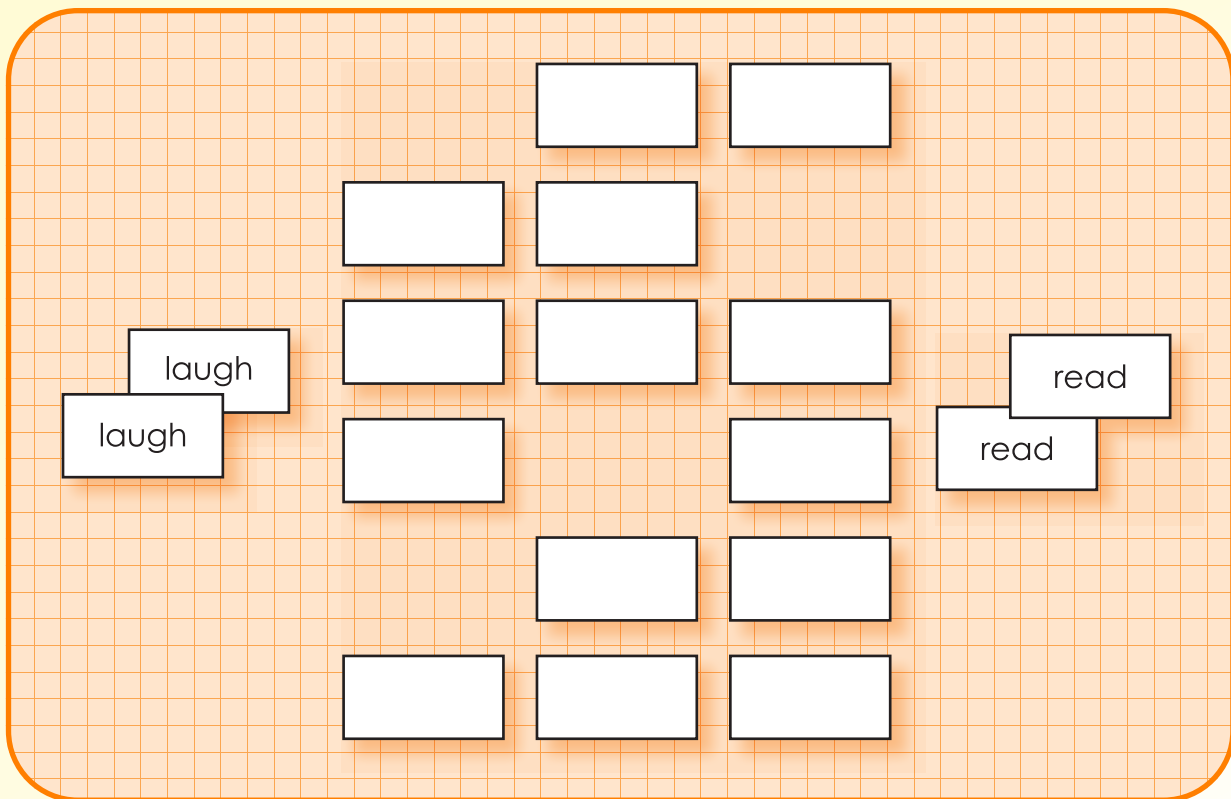

Materials

- ▶ High frequency words
Choose 15-25 target words.
Copy word cards twice, laminate, and cut.

Activity

Students match high frequency words by playing a memory game.

1. Place word cards face down in rows.
2. Taking turns, students turn over two cards and read them.
3. If a match is made, the student keeps the cards. If a match is not made, put each card face down in the original spot.
4. Reverse roles and continue until all the matches are made.
5. Peer evaluation

Extensions and Adaptations

- ▶ Use other target words and make more cards to play game.

The first 300 words in this list make up over 60% of all written material. The remaining 55 are additional Dolch words that were not included in the first 300.

Following this listing, the words are presented in card format.

Blank cards can be found at the end of this section. These cards can be copied to make additional word cards.
