

 **Objective**

The student will read high frequency words.

 **Materials**

- ▶ High frequency words  
*Choose 20 - 30 words that students have learned to spell and write.*  
*Copy cards, laminate, and cut.*
- ▶ Paper
- ▶ Pencils

 **Activity**

**Students read and spell high frequency words.**

1. Place word cards in a stack face down at center.
2. Working in pairs, student one selects the top card, shows it to student two, and reads it aloud. Student two reads the word.
3. Continue until all cards are read.
4. Student one chooses and dictates five of the words to student two.
5. Student two writes the words on paper and then spells orally as student one checks.
6. Place all cards back in a stack and reverse roles.
7. Continue until all words are spelled by both students.
8. Peer evaluation

 **Extensions and Adaptations**

- ▶ Use timer and read word cards.

The first 300 words in this list make up over 60% of all written material. The remaining 55 are additional Dolch words that were not included in the first 300.

Following this listing, the words are presented in card format.

Blank cards can be found at the end of this section. These cards can be copied to make additional word cards.
