

### Root Rap

#### **Objective**

The student will gain speed and accuracy in reading roots.

#### **Materials**

- ▶ Root cards
- ▶ List of roots

#### **Activity**

Students quickly identify roots in a timed activity.

1. Place list of roots and root cards face up in rows on a flat surface.
2. Working in pairs, student one picks up the list of roots and student two sits in front of the root cards.
3. Student one reads the first root on the first row of the list of roots while student two points quickly to the root.
4. Student one checks to assure that the correct root is identified. If the root is not identified correctly, student one assists. Student one quickly reads the remaining roots, pausing so that student two may locate and point to the corresponding card.
5. Reverse roles and continue until the roots are identified by each student multiple times.
6. Peer evaluation
